PRIMAL REVERSION

The Legendary Pokémon Groudon and Kyogre have the ability to transform into new forms known as Primal Groudon and Primal Kyogre. What is the link between Mega Evolution and Primal Reversion?

It was a primal age, early in the world's history. The natural world was overflowing with energy. That energy granted Groudon and Kyogre an overwhelming power. Seeking ever more of that energy for themselves, the two clashed again and again, and their battles cast the people and Pokémon of Hoenn into great danger. Brimming with the overwhelming power granted to them by nature's energy, their transformation was named «Primal Reversion» by later people. And the people called their tormentors Primal Groudon and Primal Kyogre...
